ORCA™

High-strength substitute for Tyvek®

Orca™ is a high-strength laminate of polyethylene and paper. Water & tear resistant. Lasts almost forever, but is 25% less expensive than Tyvek®, with a superior white printing surface.

TYVEK®

Tyvek®, most famous for wrapping houses, protects the magnetic strip forever. We use 18#, not 11#, because 11# (used by others) is not stiff enough for a credit card to be repeatedly inserted into it.
