

Carbon Copy Bank-by-Mail Deposit Slip Envelopes

Manufactured product (not print-from-stock)

Our solution for creating two identical deposit slips, one for the bank and the other for the customer, is to interleave a piece of carbon paper onto the backside of our bangtail envelope. The original stays with the deposit envelope, and the carbon copy is kept by the customer. For after-hours banking or bank-by-mail, this 3-7/8" x 8-7/8" size is ideal.

The cost is highly dependent on the quantity ordered at one time. The more the better.
