

FULL VIEW WINDOW ENVELOPES

#10, 6 x 9, and 6 x 9-1/2 Sizes

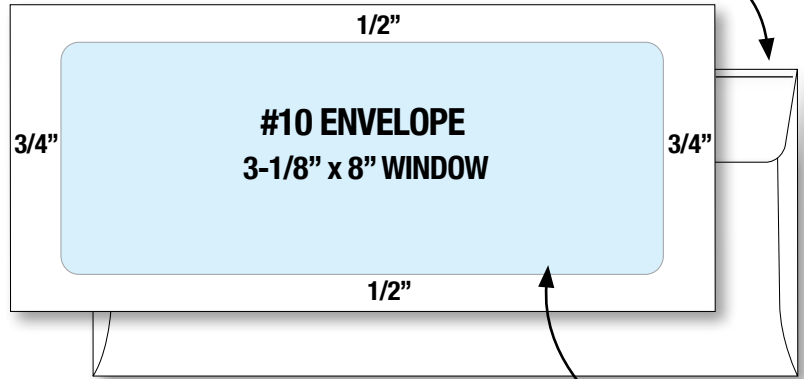

In Stock and Ready to Ship in Quantities as low as 50 per order.

Let the envelope contents do the talking! Our paper borders are the narrowest possible. Because of their enormous windows, our full views are not good at keeping secrets. They will be the first to be opened.

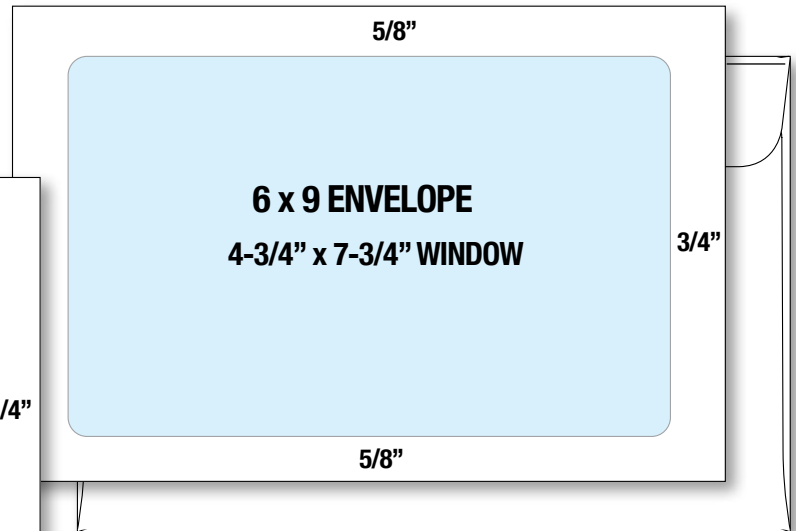

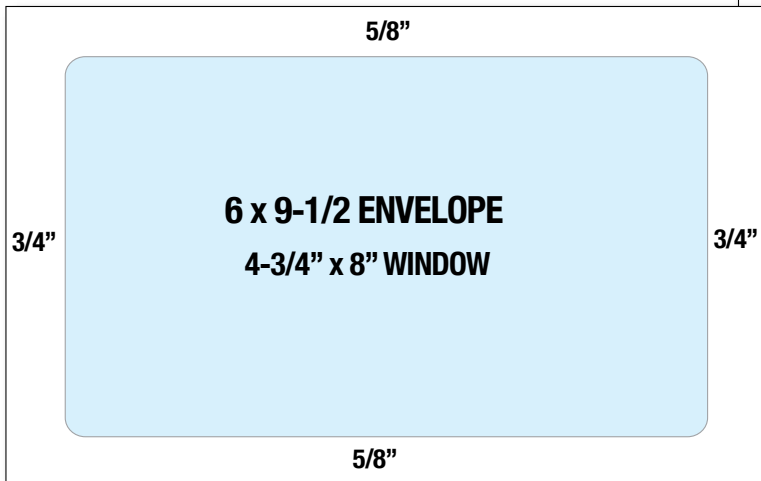

The backbone of our Full Views is the combination of the clear, 2 mil thick window film and the extra strong 28 sub, 92 brightness, envelope grade paper from which they are made.

All three sizes have double scored seal flaps to allow a little extra room for expansion.

DOUBLE SCORED SEAL FLAP

2 MIL THICK WINDOW FILM
